INTEGRATED TELEPHONE SYSTEM

KX-T2378   *Advanced* ITS

Outstanding Features with Built-In Quality

2-Line Operation with 3-Way Conference
Allows you to talk with a party on one line, dial a second party on the other line, and then conference both calls together.

Hands-Free Speakerphone
Built-in speakerphone allows for hands-free operation. You can let others in the room join in your conversations.

16-Digit LCD with Clock
The convenient 16-digit LCD displays dialed numbers, a duration of call, and date. You can also adjust LCD contrast.

Data Port   Data Port
A second jack on the back of the phone allows you to connect a computer, modem, fax machine, answering machine or other single line devise.

Auto Redial
Redials the last number called. If the line is busy, the unit automatically disconnects the call and then redials the number repeatedly at regular intervals. This is especially convenient when you have an important call to make to a busy number.
